THE WEDGWOOD BALLROOM

The Coastal Terrace

The Coastal Terrace features a custom-made dome with open sides in front of a stone tiled terrace and decorative plants. Located within the private gardens of the hotel, it has panoramic sea views and gives couples the opportunity of saying their vows outside within the Hydro's unique setting.

The sea makes a particularly special backdrop behind the wedding couple. The Coastal Terrace is approached via a stoned tiled path for easy access and grand bridal entrance. Should the weather be inclement, the wedding ceremony can be held within the hotel.

The Drawing Room

The Drawing Room offers a more intimate space for smaller wedding ceremonies. It features a high ceiling, fine art and soft lighting. It is easily accessed due to its location on the ground floor of the hotel.

The Garden Suite

The largest function room in the hotel, The Garden suite is a light and air-conditioned venue with sea views and private terrace overlooking the south coast. It can host both a wedding breakfast and evening reception. It has its own bar and reception area.
